PAYMENT

All payments of processing fees, pages chares subscription and advertisement charges should be directly to the Editor-in-Chief- in a certified bank draft in the name of Dr. Magashi Auwal Ibrahim

GUIDELINES FOR SUBMISSION OF ARTICLE TO TECHNO SCIENCE AFRICANA JOURNAL

All manuscripts will be reviewed by two or more assessors to ensure accuracy and relevance. Based on the assessors' recommendation, a manuscript may be corrected by the author before final acceptance. Authors whose papers have been accepted for publication will be notified in writing. The Techno-Science Africana Journal may not enter into correspondence with authors whose paper is found to be not publishable. If you have any additional questions, Please do not hesitate to contact us at the address below.

**Kano University of Science and technology, Wudil
P.M.B. 3244, Kano State, Nigeria.**

e-mail: magashi2@mail.ru

GSM: 08023627191

SUBMISSION OF MANUSCRIPT

3 copies of manuscript of article should be submitted to the editor in chief with a processing fee of N2000. Manuscript will be put in review only if the same paper has not been published elsewhere or considered for publication by any other journal.

A soft copy of the article should be in Ms word compatible format and be submitted with final revised manuscript in A4 size with wide margins , double space and should not be more than 12 pages. Any additional page attracts extra charge. The abstract should be written also in not more than 250 words. References, tables, figures and captions should be included.

GENERAL INFORMATION

GENERAL INFORMATION

Manuscript must be legible, with key word used, and each symbol properly aligned to distinguish superscript and subscripts.

FORMAT OF PAPER

The paper should contain the following: Title of the paper, Abstract, introduction, Materials and Method (Methodology), Results and Discussion, Tables and Figures, Conclusion, Acknowledgement, References. Each author should state clearly full name and affiliation (eg. Department or Division, Institution, Address, State etc.). If there is more than one author, indicate corresponding author.

REFERENCES

References to the publications should be in Harvard style, should contain full bibliographical details, Journal title should not be abbreviated. For multiple citations in the same year a,b,c should be used immediately following the year of publication.

NOTE:

Errors must be minimal, and no addition should be made to the corrected text. Corrected paper must be returned (written in CD) in good time of receipt to the Journals production Department with publication fee of N7000:00

Each corresponding author is entitled to a full copy of the published Journal in which his article appears. Along with the page proofs, the corresponding author will receive a form for ordering reprints and extra full copies of the issue in which his article appears. All co-author reprint and full copies requirement should be included on the order form.

TABLE OF CONTENTS

The concept of typology and the Hausa traditional house classification: taxonomy of architectural types, prototypes and typologies Babangida Hamza	1
An assessment of access to housing facilities in kano metropolis Ado Mukhtar Bichi	13
Harmattan dust and its effects in semi-arid zone of Nigeria, a case study of Maiduguri metropolis and its environs. Agada I. E, Malgwi D. L., and Abbas B. K.	19
Statistical analysis of electrical and fuel energy consumption in Nigeria Spanish Engineering company, kano A. Ahmed and M. S. Dambatta	26
Development and comparative study of water tube boiler with vertical and horizontal tube arrangements Bala Abdullahi	31
Prevalence of hepatitis b virus infection among blood donors in shiroro local government of Niger state, Nigeria. F.A kuta, D. Damisa, N.U. Adabara, I.M. Bello, V. Saxena	39
Facts device for improving power system stability: effects on the proposed 10,000 mw Nigerian grid A. A. Gonoh	44
Effect of zn concentrations on electrodeposited zn te thin films D. G. Diso	58
Effect of dung and NPK on micro-organism quantity in Alfisol soil Hamisu Almu	64
Simple correlation and path coefficient analyses involving some growth analysis parameters and cured bulb yield in garlic (<i>Allium sativum</i> L.) Yahaya, S. U.	69
Cause and consequences of open space human defecation in metropolitan Kano Ibrahim Badamasi Lambu	77
Antibacterial activity of <i>aloe vera</i> plant Extract on <i>Salmonella typhi</i> F.A. kuta, D. Damisa, N.U Adabara, I.M. Bello and S. Samuel	83
Evaluation of furfural urea as a slow release nitrogen fertilizer in an Alfisol in Samaru, zaria Hamisu Almu	91
Assessment of the economic factors affecting wheat production In Hadejia Local Government Area of Jigawa State, Nigeria. Yakasai, M. T.	96

Validation of induction motor performance obtained from the finite element method S.B. Ibrahim	99
Design and analysis of high frequency oscillator with distributed output using simulation method G. S. Imam, A. Usman and M. Bature	108
A comparative study of different cowpea genotypes in breeding for mottle virus disease resistance A.I Magashi, E.E. Makeri and M.H. Sanusi	118
Comparative Study of Alum and Four other Selected Coagulants in the Removal of Raw Water Turbidity M. L. Yakubu and H.A. Daura	125
Investigation into the influence of water type on compressive strength of concrete Lawan, M.M. and Mtallib, M.O.A.	130
Determination of Minimum Detectable Concentration of Iron (Fe), Manganese (Mn), Ferric oxide (Fe_2O_3) and manganese (IV) oxide (MnO_2) from thallium activated sodium iodide [$Nai(tl)$] detector Maharaz Mohammed Nasir	136
GOVERNMENT RESPONSE TO TILA FLOOD VICTIMS IN WUDIL, KANO STATE Ado Abdu	139
